Installation and Operation Instructions

1. Remove the two keys from the back of the Dispenser. Insert key into the universal cam lock on the bottom compartment and turn one quarter to the right or left. Pull the bottom compartment down to release it from the body of the Dispenser.
2. Select a good visible spot in your community or park where you want to install the DOGIPOT Jr. Bag Dispenser, such as on a post, building wall, tree, fence post, street sign post, etc.
3. The Dispenser has two pre-drilled holes; one on top and one through the back wall. These two holes and the mounting hardware included match with the holes of every standard channel or square telescopic mounting post. **DO NOT OVER-TIGHTEN WHEN INSTALLING TO AVOID POSSIBLE CRACKING OF DISPENSER UNIT.**
4. **The recommended installation height of the DOGIPOT Jr. Bag Dispenser is 66" [5'6"].**
5. To refill the DOGIPOT Jr. Bag Dispenser with DOGIPOT Litter Pick Up Bags, take two (2) boxed rolls, and tear off the perforated seal from each box. Place the two boxes on top of each other on the bottom compartment shelf with the opening of the boxes facing the front. Reinstall the bottom compartment and lock the panel with the cam lock key.
6. Reach through the two diamond shaped openings and find the raw edge of the first bag through each of the slots and pull until the DOGIPOT logo is visible.
